Bill Clinton, without a doubt the most promiscuous president in American history, has been publicly accused by over a dozen women of either having an affair with the 42nd President of the United States or in many cases, sexual assault stemming as far back as 1969.

These 17 accounts are likely only the tip of the known iceberg.

Eileen Wellstone
Eileen Wellstone, 19-years-old at the time, has alleged numerous times that Clinton raped her after she had met him at a pub near Oxford University in England.

Bill Clinton was indeed in England in 1969 as he was attending Oxford University as a Rhodes Scholarship student.

Ms. Wellstone re-confirmed the alleged rape as late as 1999, at which time she asked to be left alone.

Dolly Kyle
Dolly Kyle, a childhood classmate of Bill Clinton, stated during the Paula Jones sexual harassment case that she had a nearly 20-year affair with Bill Clinton starting around 1974 and ending in 1992.

Clinton denied that an affair had ever occurred and did everything in his power to prohibit and undermine the publication of Kyle’s memoir.

Dolly Kyle sued Bill Clinton for damages, but the US Court of Appeals denied her appeal.

Her published book detailing her 18-year affair with Clinton is titled *Hillary the Other Woman: A Political Memoir*.

Sally Perdue
Sally Perdue is a former 1958 Miss Arkansas and Little Rock radio talk show host.

In 1994, Perdue stated that she had had an affair with then-governor Bill Clinton of Arkansas in 1983.

She also stated that she threatened by a former Democratic party staffer in 1992 who told her that “they knew that I went jogging by myself and he couldn’t guarantee what would happen to my pretty little legs.”

Susie Whitacre
Susie Whitacre, a press aide to Clinton when he was governor, was rumored to have had an affair with the future president. However, little is known about the alleged Clinton/Whitacre affair.

Connie Hamzy
According to Connie Hamzy, a self-described rock-and-roll groupie, Clinton propositioned her back in 1984 while she was sunbathing by a Little Rock hotel pool.

Juanita Broaddrick
Juanita Broaddrick’s account goes much further than an affair or propositions for sex. Broaddrick, a campaign volunteer, claims Clinton raped her in her hotel room in the late 1970’s.

During the attack, Clinton reportedly injured Broaddrick by biting her lip.
Adding insult to injury, Broaddrick claims that Hillary Clinton knew about it, and even tried to threaten her to remain silent.

Sandra Allen James
Sandra Allen James, a former political fund-raiser, said Clinton sexually assaulted her in 1991 when he invited her to his hotel room where he pinned her against the wall and put his hand under her dress.

According to reports, Arkansas State Police posted outside of Clinton’s room intervened after hearing James screaming loudly.

Kathleen Willey
In 2015, Willey, a former White House volunteer aide, claimed Bill Clinton sexually assaulted her on November 29, 1993 in the White House Oval Office.

Clinton reportedly embraced her tightly, kissed her on the mouth, grabbed her breast, and forced her hand on his crotch.

Christy Zercher
Christy Zercher was a former flight attendant on Bill Clinton’s 1991-92 campaign plane.

Zercher claims Clinton exposed himself to her and grabbed her breasts after inviting her to join him in the campaign jet’s bathroom.

Lencola Sullivan
While Lencola Sullivan has not admitted to an affair with Clinton, former Arkansas state trooper L.D. Brown made the accusation in his deposition during the Paula Jones case.

Bobbie Ann Williams
Bobbie Ann Williams, a black prostitute in Little Rock, Arkansas, passed two lie detector tests proclaiming that Clinton is the father of her illegitimate son Danny in 1997.

According to Arkansas State Trooper Buddy, in 1983 he drove Clinton and Williams (along with her sister Lucille Bolton) to his mother’s home for a sex orgy.

In 1984, Bobbie Ann had a baby boy she named Danny. Clinton has refused to take a blood test to confirm or deny the allegation.

Elizabeth Ward
Ward, an American actress who won the title of Miss America in 1982, initially denied rumors that she had an affair with Clinton when he was Governor of Arkansas. However, Ward finally recanted her six-year-old denial and admitted to having a one-night stand with Clinton in 1982.

Paula Jones
On May 8, 1991, Paula Jones claims she was escorted to Clinton’s hotel room where he propositioned and exposed himself to her.

In 1994, Jones filed a federal lawsuit against Clinton, alleging sexual harassment. The case was later dismissed by Judge Susan Webber Wright for “lacking legal merit.”

Following Clinton’s admission to having an affair with Monica Lewinsky in August 1998, Jones appealed Webber Wright’s ruling which led to an out-of-court settlement of $850,000.
Gennifer Flowers
Gennifer Flowers, an American model and actress, revealed a 12-year sexual relationship with Bill Clinton.

Clinton initially denied the allegations. However, as part of Paula Jones’ case in 1998, Clinton testified under oath that he indeed did have sexual relations with Flowers.

In 2016, Flowers stated that Hillary is an enabler of Bill Clinton’s affairs.

Regina Blakely Hopper
Hopper, a former Miss Arkansas pageant winner, had a consensual relationship with Clinton, according to L.D. Brown.

There are also allegations made in Roger Morris’ book, *Partners in Power*, that Clinton once “forced himself on her, biting, bruising her.”

Marsha Scott
Marsha Scott was an anti-war activist who dated Clinton in the 1960s. She is often referred to as “Bill’s hippie girlfriend.”

In her book *Hillary the Other Woman: A Political Memoir*, former Clinton mistress wrote, “Billy and Marsha had known each other since the 1970s in Arkansas, and she went to Washington with him to work in the White House, as an aide. At some point, Marsha Scott reportedly told her boyfriend Danny Dwyer that she and Billy Clinton had had sex every Christmas for the past thirty years. ‘It’s my annual Christmas present to him,’ she supposedly said.”

Monica Lewinsky
Lewinsky was a former White House intern with whom President Bill Clinton admitted to having had what he called an “inappropriate relationship.”

Lewinsky stated that between November 1995 and March 1997, she had nine sexual encounters with then-President Bill Clinton that, according to her testimony, involved fellatio and other sexual acts in the Oval Office, but not sexual intercourse.

The affair and its repercussions, which included Clinton’s impeachment, became known as the Lewinsky scandal.

So, with all of these allegations stemming back more than 40 years, I believe it would be reasonable to assume that Bill Clinton could very well be a rapist. At the very least one could conclude that Clinton is a sexual deviant and pervert.

But what does his wife of 40+ years feel about all of these women and their accusations?

According to reports, Hillary has called these women “sluts” and “whores.” At one point Hillary was heard saying, “Who is going to find out? These women are trash. Nobody’s going to believe them.”

Ivan Duda, a private investigator, even claims that Hillary told him: “I want you to get rid of all these bitches he’s seeing . . . I want you to give me the names and addresses and phone numbers, and we can get them under control.”
